University of Florida
FALL 2020 – Online SPN 1131

SPN 1131: Beginning Spanish II

Knowing how, when, and why to say what to whom.

By the end of SPN 1131, students will communicate using words and simple sentences to ask and answer questions, to handle simple transactions related to everyday life, and to talk about familiar topics related to school, home, and the community. (*)

You will communicate and interact with cultural understanding, using Spanish to function appropriately in basic personal, academic, and career-related situations in multilingual communities at home and around the world.

Course Description

This is a fully online beginning Spanish course. As a general guideline for online courses, students should plan to dedicate to 3-4 hours of homework per course credit hour. That’s 15-20 hours a week for this course.

Required Textbooks & Resources

**Contraseña: Your password to Foundational Spanish.** You will be able to access this platform directly from the UF Canvas Course page. Once the Canvas page is available, click on the tab for Contraseña and you will automatically be brought to the registration page. Once you complete the registration process (please use your UF email only) and log in to the course, you will have 14 days to purchase access ($75).

Spanish Grammar (Quickstudy: Academic) Chart Edition by Inc. BarCharts
Required Digital Tools:

A reliable computer, either a PC running Windows 2000 or later, or a Mac running OS X or later. Check Contraseña for browser specifications.

A webcam, sound card, headset with speakers, and a headset with a microphone.

A hi-speed modem (Cable or DSL strongly recommended) and a dependable Internet Service Provider (ISP).
A note about online classes

The keys to success in this class are generally the same as those in any other class. However, given the nature of online classes, students are responsible for covering a good deal of material on their own. Competency in the basic use of a computer is required to complete numerous independent web-based activities.

The level of proficiency and the final grade attained will depend largely on what a student puts in to his or her learning. Student success requires substantial commitment and proactivity. Students are expected to dedicate 15-20 hours of study per week to this class, thus, it is in students’ best interest NOT to wait until the last minute to complete assignments.

Do not think about finishing the course! Just think about putting in the time: Good online learners use processes that involve putting a certain daily amount of time into their chosen course. It is best, at least at first, to only do one online course at a time.) Your daily goal is always to put in the time you’ve
allotted, whether it’s five minutes or five hours. This means never missing an “X” on your calendar, signifying you’ve done your day’s studies.— Learning How to Learn

1. **Time management**: Set time aside EACH DAY to complete class activities.

2. **Questions and confusion**: The instructor(s) want to help you! However, the instructor can only help if the student takes the first step and reaches out.

3. **Don’t be shy!**: The more willing students are to share, talk and interact with their instructor and classmates, the more they will get out of the course. And, don’t worry, everyone feels the same way, even if they don’t show it!

4. **Netiquette Communication Courtesy**: All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions and chats. Please read the Netiquette Guide for Online Courses.

“A learning community is a group of people who share common academic goals and attitudes, who meet semi-regularly to collaborate on classwork.” (Lardner & Gillies, 2008).

Students will be assigned to small learning communities with no more than 10 peers. Many of the asynchronous activities will be completed within just the learning group. This will give students the opportunity to establish relationships with their peers and to feel more comfortable talking about themselves and asking personal questions (Identity is the course theme). Students are highly encouraged to reach out to their learning community beyond the assigned activities to form study-buddies or review groups, to ask each other questions about difficult concepts, and to support each other throughout the course.

For LinguaMeeting coaching sessions, students may not necessarily be meeting with the same students from their learning group (due to different schedules). This is also beneficial in that it will challenge students to use their developing Spanish skills to maintain a conversation with less familiar individuals…a skill that will be highly useful as proficiency develops.

**Course Policies**

**Course Communications**

The instructor will respond to inquiries submitted within 48 hours on business days. Weekend inquiries will be answered on Monday in the order that they were received.

Students are expected to use UF email or the Canvas email function to communicate with the instructor and/or group members. It is expected that students respond within 48 hours to any
individual email sent by the instructor. Delays or failure to respond to emails will affect students’ course performance.

Our class sessions may be audio-visual recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voice recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the “chat” feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials by students or any other party is prohibited.

Performance Policy
This UF Online course has been developed with the same rigorous standards of content as a campus course. Expectations of student performance are as high as they are for traditional face-to-face classrooms.

HonorLock
Exams will be completed using the services of HonorLock. (integrated into Canvas) to validate student identity. HonorLock is an online proctoring service that allows students to take assessment activities from the comfort of their home. It is available 24/7. Students do not need to create an account or schedule a time. HonorLock is simple! All students need to do is log into Canvas and click on the assignment you need to complete. Students will be prompted to add the HonorLock Chrome Extension, which is required to complete the assignment. Then students will need to take a picture, show their ID, and scan their room. HonorLock offers 24/7 customer service VIA phone and live-chat. When students enter the activity the live-chat will be on the bottom-right hand of the screen during the entire exam, in case students need their tech support. Also, students can call their support line at (844) 243-2500.

**UNIVERSITY POLICIES**

**University Policy on Academic Integrity**

“UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (http://www.dso.ufl.edu/sscr/process/student-conduct-honorcode/) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

All submitted work must be the student’s own original work. The use of computer – or internet based translation programs (Google) is not allowed. No one outside of the course, STUDENT OR NOT, should look at the assigned Contraseña/Canvas activities, suggest changes, or make corrections to a student’s work. Any evidence of disallowed resources or work that is not a product of a student’s own intellectual process will be handled according to the student honor code policy. The submitted assignment will earn a grade of zero and the student may receive a course penalization of a full letter grade or more depending on the infraction.

**Accommodations**

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center by visiting https://disability.ufl.edu/students/get-started. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Collaborative Practice Activities

- **LinguaMeeting: “En Vivo” Sessions**

  This class includes a live Spanish language learning component— LinguaMeeting “En Vivo” Language Sessions. This activity is an integral and mandatory part of the class. Students will sign up for (9) 30-minute small group coaching sessions with a trained language coach from South America or Spain. **Students will meet once a week starting in week 2.** Students will meet virtually
using the LinguaMeeting platform accessible via Contraseña. Students will need access to headphones, a microphone, and a webcam.

**Grades are assigned according to a rubric (available in Canvas) based on attendance and degree of participation, not accuracy or fluency, during the session as well as the response to post-session activities (Después de la sesión).**

Although these sessions, are fundamental to succeeding in other aspects of the course, to allow for student flexibility the **lowest two (2) grades of the “En Vivo” sessions.**

These sessions are conversational in nature and are intended to be an opportunity to put into practice what students have been learning from other course activities. They are not intended to be a “test” or tutorial of the grammatical aspects of class, but rather a time to practice students’ listening and speaking skills. The sessions are recorded (available to students post session) and will be viewed by the instructor.

Students should keep their notes from these sessions as the final oral project will be based on the knowledge they have gathered about their coach and his/her country during these sessions.

**Independent Practice Activities**

- **Contraseña Activities**
  
  You will be assigned a variety of homework assignments from the Contraseña site, consisting of tutorials, grammar exercises, listening and writing practice, etc. You are responsible for completing all the assigned activities (Computer graded and Instructor graded).

  **Maximize Your Language Learning**

  **Contraseña** offers many resources for learning Spanish. Students will find a variety of opportunities to continue practicing independently, including study guides that can be downloaded, various Vocabulary and Grammar Tutorials, and downloadable media. Students are encouraged to use these resources every week.

**Assessments**

- **Exams**
  
  Students will complete **Final Written and Oral Exam** via Canvas and proctored by HonorLock. It will assess students’ listening, reading, grammatical, vocabulary, and speaking skills. A brief study guide will be provided. Complete details and grading rubric will be available on Canvas.
